

Natural Lighting Solutions

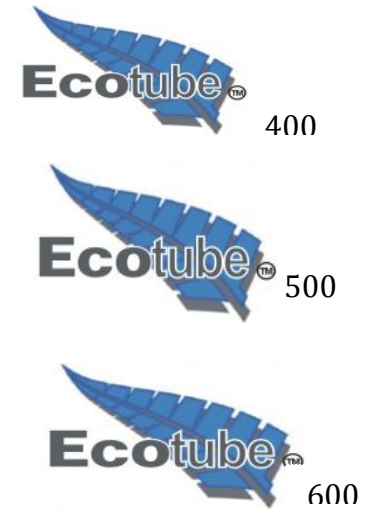

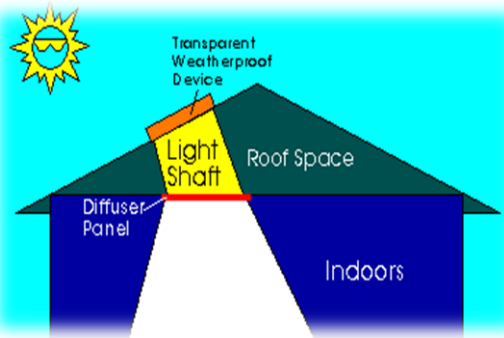

"We pride ourselves on quality workmanship and unsurpassed customer service".

ECOTUBE fills any room with brilliant sunshine without the problems of traditional skylights.

ECOTUBES are an excellent choice when you wish to maintain the appearance of ceiling lighting. Using a diffuser panel, the ECOTUBE spreads natural light within your room.

A very popular and effective option for bathrooms, kitchens, hallways and lounges.

Ecotubes are Acrylic skylight tops that are moulded in one piece of high impact acrylic and pressed into specific moulds to match many different roof types. Powder coated ceiling frames, to match most ceilings

Ecotube offers:

10 year Full Replacement Guarantee

10 year Leak Free Guarantee

Made in New Zealand
